

MOHAMMAD KANSO

Computer Science Graduate · Web, Mobile & Desktop Developer

Lebanon, Al-Janoub | +961 81 890 497 | mohammad.kanso.cs@gmail.com | github.com/MoKanso164 | linkedin.com/in/mohamad-kanso | mohammad-kanso.vercel.app

PROFILE

Self-taught, IUL-graduate Computer Science student with 3+ years of hands-on development experience across web, mobile, and desktop platforms. Specializes in building e-commerce platforms, responsive web applications, and cross-platform software with a focus on clean code, performance, and scalability. Comfortable across the full stack, from REST API integration and backend systems to polished, user-friendly frontends.

EDUCATION

B.S. in Computer Science

Islamic University of Lebanon (IUL)

Graduate — self-directed specialization in full-stack development, mobile applications, and desktop software.

TECHNICAL SKILLS

Languages: Java, C#, Python, C++, Dart, PHP, JavaScript, TypeScript

Frontend: HTML5, CSS3, React, Flutter, Tailwind CSS

Backend & Frameworks: PHP, ASP.NET

APIs & Integration: REST APIs, JSON, HTTP

Databases & Tools: MySQL, PostgreSQL, Supabase, Git, GitHub, Vite

PROJECTS

E-commerce Platform

TypeScript · JavaScript · Supabase ·

Full-featured online store with product management, cart system, order tracking, admin dashboard, and payment integration .

- GitHub: github.com/MoKanso164
- Live Demo of E-commerce-Website: hkayat-soof-store.vercel.app/

Naze7 DMS — Mobile App

Flutter · Dart · Supabase · API

Displaced Management System mobile app with real-time data sync via Supabase, maps integration, and cross-platform Android/iOS support.

- GitHub: github.com/MoKanso164
- Live Demo of Website :<https://naze7-dms.vercel.app/>

Desktop Management Application

C# · ASP.NET · MySQL

Cross-platform desktop app with data management, reporting, and a modern WPF interface backed by full database integration.

React Web Application

React · JavaScript · REST API

Single-page application featuring REST API integration, dynamic data fetching, state management, and a fully responsive UI.

Business Portfolio Website

HTML · CSS · JavaScript

Professional business portfolio site with contact forms, admin panel, SEO optimization, and a fully responsive design built from scratch.

- Live Demo of Portfolio Website: mohammad-kanso.vercel.app

API Integration Dashboard

JavaScript · REST API · React

Data dashboard integrating multiple external APIs — handling authentication, real-time updates, JSON parsing, and live data display.

LEARNING JOURNEY

2025 – Present · Production Ready

Building production-grade applications, refining architecture patterns, and actively seeking developer roles and freelance projects.

2023 – 2024 · Mobile & Modern Stack

Learned Flutter/Dart for cross-platform mobile development, React for modern frontends, and deepened API integration skills (Supabase, REST, JSON).

2022 – 2023 · Frameworks & Desktop

Practiced structured backend development with PHP, and learned C#/ASP.NET for desktop applications.

2022 · Web Foundations

Mastered HTML, CSS, and JavaScript; built first real websites; began exploring PHP and MySQL for backend development.

2021 · First Steps into Programming

Discovered programming and learned Java fundamentals — OOP, algorithms, and data structures.
